

NIVIS Cod.3425

Light in weight and subtle in spirit, NIVIS is woven from pure linen yarn. This wide-width curtain fabric reveals the fine fibers in both warp and weft, creating a delicate transparency that diffuses light with softness.

Piece-dyed in eight natural tones that balance earthy warmth and mineral freshness, NIVIS reveals colors enhanced by the gentle lustre of pure linen fibers, bringing subtle vibrancy and nuanced depth to interior settings. Linen's strength, breathability, and graceful texture give NIVIS its authentic character.

Soft to the touch, it conveys the essential simplicity and enduring beauty of natural materials. NIVIS takes its name from the Latin for "snow," reflecting a snowflake lightness and quiet purity.

Composition: 100% LI
